3. (U/AIUO) Unfunded Requirements

Office of Security has identified a total of \$234,000 in unfunded requirements for FY 1977. We will have to meet these obligations by selectively tightening up on some programs and by keeping travel related expenses to a minimum for the remainder of this fiscal year.

4. (U/AIUO) Project Outreach

No firm decision has been made yet with regard to public tours of the Headquarters Building. It does appear, however, that if public tours are conducted, they will not begin until August or September. Also, the first two tours will be given for the families of Agency employees. This will provide both an experience factor and useful feedback with respect to the program's effectiveness.

5. (C) Latin America Overseas Security Group (LA/OSG)

A book cable is being disseminated announcing the closing of the LA/OSG [REDACTED] effective 1 August 1977. Henceforth, those security support requirements served by the LA/OSG will be handled from Headquarters.
